

Make It Yours™

HOW TO CREATE 14 SPARKLY CRAFT PROJECTS

USING KRYLON®
GLITTER BLAST™

TAKING GLITTER TO THE NEXT DIMENSION.

You've never seen glitter like this before. More sparkle. More intensity. More depth. A big blast of glitter you can use more ways than ever before.

Patent-pending Krylon® Glitter Blast™ glitter spray combines real glitter with the convenience of a spray, so it's easy to get an irresistible look on almost any surface. Plus, it's formulated to provide full coverage and a truly 3-dimensional look. So your sparkle will sizzle and your glitz will be glam.

Available in 12 designer colors and a permanent protective Clear Sealer, Krylon Glitter Blast is perfect for a variety of projects. Think costume jewelry and blinged-out cases for cell phones and iPods...skateboards, snowboards, bikes and helmets...scrapbooking, picture frames and holiday décor. Whatever you can imagine, you can glitter it with Glitter Blast.

For additional product and project information, visit www.KrylonGlitterBlast.com

- Uniquely intense, sparkling glitter finish
- Patent-pending product—nothing else like it on the market
- Adheres well to most surfaces, even plastic
- Safe for use on Styrofoam®
- Acid-free for scrapbooking
- Broad range of marketing support, including digital, project-based articles and printed collateral

14 Sparkly Craft Projects eBook from Krylon

GLITTER BLAST™

Keep your glitter going strong with Glitter Blast™ Clear Sealer—a fast-drying clear coat that increases durability, prevents glitter from flaking, and maintains sparkle and color without fading.

Letter from the Editors

Dear Reader:

Until now, glitter sprays have delivered a few flecks of glitter to project surfaces - a nice effect, but not incredibly dazzling. New Krylon® Glitter Blast™ Glitter Paint changes all of that. You've never seen anything like it. More glitter, more sparkle, more intensity, more depth than ever before. So you can put the glitz and glam on virtually any project with any surface – wood, plastic, metal, ceramic, craft foam, and more.

This book includes basic instructions for projects ranging from simple, inexpensive ideas to more complex décor and craft ideas - all with complete materials lists and instructions to make it easy for you to get incredible results.

For more Krylon® Glitter Blast™ information, inspiration and ideas, visit www.Krylon.com or www.KrylonGlitterBlast.com.

We would like to thank www.FaveCrafts.com for helping create this eBook.

Sincerely,

Krylon

Holiday Projects

Fancy Spider

By Melony Bradley

With Krylon® Glitter Blast™ Glitter Paint and a craft foam ball, spider crafts don't have to be scary. It's easy to spray the craft foam ball and egg with this new paint. Whimsical embellishments take the scary out of this spider – fancy spider crafts are fun for all.

MATERIALS:

- Craft foam: 2" ball, 3" egg
- 1 can Krylon® Short Cuts® Paint, Black
- 1 can Krylon® Glitter Blast™ Glitter Paint, Starry Night
- 8 black chenille stems
- 11–10mm round acrylic flat backed stones
- 2–6mm pearl beads
- Glittered cardboard stickers: silver swirl by Recollections®

- 1" round craft mirror
- Silk flower
- 12"-length of 7/8" pink satin ribbon
- Aleenes® Original Tacky Glue
- Scissors
- Toothpick
- Skewer
- Scrap of craft foam
- Straight pins

INSTRUCTIONS:

1. Insert toothpick into one end of egg. Remove and place glue on end of toothpick. Insert the glue side of the toothpick back into the hole created in the egg. Using the opposite side of the toothpick, repeat the same steps for the ball, to join shapes together to form spider head and body. Place skewer in bottom end of egg.
2. Spray shapes with black Krylon® Short Cuts® Paint spray paint, using several light coats for complete coverage. When paint is dry, spray shapes with several light coats of Glitter Blast Starry Night until desired glittery look is achieved. Place end of skewer into scrap of foam to dry.
3. Cut chenille stems to 8" pieces. Insert stem into side of body for leg. Remove stem and place glue on end of stem, reinsert. Repeat steps for remaining legs.
4. Place glue on one end of straight pin. Thread through bead and insert into head for eye. Repeat steps for second eye. Place sticker on head for crown. Glue one flat backed stone to end of each leg with tacky glue. Glue remaining stones for buttons on front of egg shape.
5. Tie ribbon around "neck" in a bow. Glue craft mirror and silk flower to bow as shown.

Prized Pumpkins

By the Krylon® Design Team

Pumpkins and gourds add elegance to your table when they glisten like this. Beautiful metallic paints add a grown-up touch to the holiday. Simply spray paint a pumpkin or gourd; for these prized pumpkins, designs could be added as well if desired. I'm sure these will inspire you to have more ideas for painted pumpkins.

MATERIALS:

- Several small pumpkins or gourds
- 1 can Krylon® Indoor/Outdoor Primer
- 2 cans Krylon® Glitter Blast™ Glitter Paint in desired colors
- Masking tape
- Drop cloth

INSTRUCTIONS:

1. Clean pumpkins to be painted, making sure surfaces are free of dirt and dust. Mask off stems.
2. Apply several light coats of Krylon® Indoor/Outdoor Primer. Move from side to side in a sweeping motion, beginning off the surface and ending off the other side. Allow to dry.
3. Spray with Krylon® Glitter Blast™ Glitter Paint. Apply multiple thin coats to avoid runs and drips. Wait approximately 1 to 2 minutes between coats, shaking can before each coat.
4. Remove masking tape from stems when Glitter Blast is dry to handle, usually in 24 hours.

Tip: Slightly elevate pumpkins approximately 4" off of work surface to allow access to the rounded bottoms of the pumpkin while spraying.

Glittering Holiday Pinecones

By the Krylon® Design Team

You'll love these painted pinecones; craft your way through the winter this year. We've used gold and silver Glitter Blast™ paint to adorn these glistening pinecones, but you can choose whatever color you desire. Whether you choose to use the pinecones as decorations on their own or incorporate them into sparkly holiday crafts, these glittering holiday pinecones are simply stunning.

MATERIALS:

- Pinecones (as many as you would like!)
- 1 can Krylon® Glitter Blast™ Glitter Paint, Golden Glow
- 1 can Krylon® Glitter Blast™ Glitter Paint, Silver Flash
- Pushpins
- Fishing line
- Masking tape
- Drop cloth

INSTRUCTIONS:

1. Make certain that the pinecones to be painted are clean from dirt and dust.
2. Spray with Krylon Glitter Blast. Apply multiple thin coats to avoid runs and drips. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry

Tip: To make all sides of the pinecones easily accessible and even easier to spray, create a makeshift clothesline and hang pinecones from string or fishing line.

Holiday Ornament Tree

By the Krylon® Design Team

This holiday ornament tree is great for a contemporary setting or small spaces. Though you can paint any size of ornament for Christmas trees, ornaments for mini Christmas trees are quick to make. We even tell you how to revamp the metal ornament tree – this rubbed bronze version is modern and shows off the sparkly decorations.

MATERIALS:

- Metal ornament tree
- 10 - 12 small ornaments
- 1 can Krylon® Indoor/Outdoor Primer
- 1 can Krylon® Brushed Metallic Paint, Oil Rubbed Bronze
- 1 can Krylon® Glitter Blast™ Glitter Paint, Sparkling Water and Silver Flash
- Masking tape
- String or fishing line
- Drop cloth

INSTRUCTIONS

1. Clean all objects to be painted, making sure the surfaces are free of dirt and dust.
2. Mask off ornament hangers.
3. Prime the Ornament Tree. Apply several light coats of Krylon® Indoor/Outdoor Primer. Spray from side to side in a sweeping motion beginning off the surface and ending off of the other side.
4. Paint ornament tree with Krylon® Brushed Metallic Oil Rubbed Bronze. Apply multiple thin coats to avoid runs and drips. Wait approximately 1 to 2 minutes between coats. Let dry
5. Spray ornaments with Krylon® Glitter Blast™. (We sprayed half with Glitter Blast™ Silver Flash and half with Glitter Blast™ Sparkling Waters.) Apply multiple thin coats. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.
6. Remove masking tape or replace ornament hangers after Glitter Blast™ is dry to handle, approximately 24 hours.

Tip: Make it easier to spray all sides of the ornaments by creating a makeshift closeline and hang ornaments from string or fishing line.

Dazzling Easter Eggs

By the Krylon® Design Team

Simple paper mache eggs are transformed into dazzling Easter eggs with various colors of glittering paint. Spray paint eggs for your Easter table or for a grown-up Easter basket. These beautifully shaded eggs welcome spring!

MATERIALS:

- Paper eggs from craft store
- 1 can Krylon® Glitter Blast™ Glitter Paint, Posh Pink
- 1 can Krylon® Glitter Blast™ Glitter Paint, Sparkling Water
- 1 can Krylon® Glitter Blast™ Glitter Paint, Twilight Sky
- 1 can Krylon® Glitter Blast™ Glitter Paint, Citrus Dream
- Push pins
- Fishing line
- Masking tape
- Drop cloth

INSTRUCTIONS:

1. Clean all objects to be painted, making sure all surfaces are free of dirt and dust.
2. Spray eggs with Krylon® Glitter Blast™. Apply multiple thin coats. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.

Tip: Make it easier to spray all sides of the eggs by hanging them from a makeshift clothesline. Take a pushpin and insert it into one end of an egg. Attach fishing line to the pushpin and hang from the clothes line.

For The Home

Peace Lamp

By Roxi Phillips

Any old lamp can be updated with indoor/outdoor paint and glittery paint. Add to the sparkle and shine by coating the peace sign and flower power cardstock shapes with glitter paint. A glittering peace lamp will be a welcome addition to a kid's room.

MATERIALS:

- Lamp base and shade
- Cardstock shapes (i.e. peace signs and flowers)*
- 1 can Krylon® Glitter Blast™ Glitter Paint, Starry Night
- 1 can Krylon® Glitter Blast™ Glitter Paint, Posh Pink
- 1 can Krylon® Glitter Blast™ Glitter Paint, Twilight Sky
- 1 can Krylon® Indoor/Outdoor Paint, Black
- 1 can Krylon® Easy Tack
- Masking tape and paper
- Craft glue or glue dots

*TIP: Cardstock shapes may be purchased or cut with die-cut machine or craft punches.

INSTRUCTIONS

1. Remove shade from lamp. Clean all objects to be painted, making sure the surfaces are free of dirt and dust. Mask off all electrical parts.
2. Spray lamp base with Krylon® Indoor/Outdoor black paint. Apply several light coats to avoid runs and drips. Spray from side to side in a sweeping motion beginning off the surface and ending off of the other side. Let dry.
3. Spray lamp base with Krylon® Glitter Blast™ Glitter Paint Starry Night. Repeat coats as necessary for complete coverage. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry 24 hours before handling.
4. Spray backside of cardstock shapes with Krylon® Easy Tack; adhere to masking paper. Spray shapes with Krylon® Glitter Blast™ Glitter Paint in desired colors. Let dry.
5. Remove glittered pieces from masking paper and apply to lampshade using glue dots or craft glue.
6. Reassemble lamp.

Bold and Brilliant Mailbox

By the Krylon® Design Team

While you can paint your mailbox any glittering color you want, but this cherry bomb color makes a bold and brilliant statement. If you've wondered how to paint a metal mailbox, these step-by-step instructions will help you succeed. Everyone in the neighborhood will come to you for tips on how to paint a mailbox.

MATERIALS:

- Standard mailbox
- Krylon® Indoor/Outdoor Primer
- Krylon® Glitter Blast™ Glitter Paint, Cherry Bomb (or any color you desire)
- Krylon® Glitter Blast™ Clear Sealer
- Screwdriver
- Sandpaper
- Newspaper or drop cloth

INSTRUCTIONS:

1. Cover your work area with newspaper or a drop cloth. Make sure you are in a well-ventilated area.
2. Remove the flag from the mailbox.
3. If you are painting an old mailbox that is rusty or worn, sand the areas until smooth and use a primer. The surface should be clean, dry and dull. If mailbox is in good condition, skip to step 6.
4. Prop the mailbox open side down (with door hanging open) on an object such as a 2x4, foam cube or tall container so that all exterior surfaces are free of obstructions.
5. Prime the mailbox with Krylon® Indoor/Outdoor Primer. Apply several light coats of primer. Spray from side to side in a sweeping motion, beginning off the surface and ending off of the other side. Allow to dry. *(Note: If you are using a plastic mailbox, you do not need to use a primer before applying Krylon® Glitter Blast™.)*
6. Spray multiple light coats of Krylon® Glitter Blast™ Glitter Paint until you reach the level of coverage you want. Wait 1 to 2 minutes between coats, shaking can before each coat. Allow to dry.
7. Apply 2-4 coats of Krylon® Glitter Blast™ Clear Sealer. Allow to dry.
8. Spray the flag if you wish, repeating the steps above.
9. Reattach flag.

Sparkling Jeweled Votives

By the Krylon® Design Team

Craft candle cups to match your décor using glittering paint. The easy-to-add accents make these sparkling jeweled votives one of a kind. These are an easy project; you'll love to make them as gifts after you make some for your own home.

MATERIALS:

- Glass votives
- 1 can Krylon® Glitter Blast™ Glitter Paint, Diamond Dust
- 1 can Krylon® Glitter Blast™ Glitter Paint, Sparkling Waters
- Adhesive-backed gems or glue-on gems and appropriate glue (optional)
- Masking tape
- Paper towels
- Drop cloth

INSTRUCTIONS:

1. Clean votive holders, making sure surfaces are clean of dirt and dust.
2. Place votive upside down on painting surface to prevent spray from going inside.
3. Spray with Krylon® Glitter Blast™. Apply multiple thin coats until desired finish is achieved. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.
4. If desired, arrange and attach glue-on or adhesive-backed gems.

Sparkling Jeweled Photo Frames

By the Krylon® Design Team

There are so many ways to make sparkling jeweled photo frames. Whether you paint the whole frame or tape off sections and paint accent areas, you can make some great frames that will make a statement. Get your glisten on and start painting those plain frames.

MATERIALS:

- Assorted picture frames
- 1 can Krylon® Indoor/Outdoor Primer
- 1 can Krylon® Glitter Blast™ Glitter Paint, Posh Pink
- 1 can Krylon® Glitter Blast™ Glitter Paint, Twilight Sky
- Masking tape
- Drop cloth
- Adhesive-backed jewels or embellishments

INSTRUCTIONS:

1. Disassemble frames, removing glass insert and back.
2. Clean surfaces to be painted, making sure they are free of dirt and dust.
3. Mask off any areas you do not want to spray.
4. Spray with Krylon® Glitter Blast™. Apply multiple thin coats until desired glitter finish is achieved. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Spray in a sweeping motion beginning off the surface and continuing each pass off the other side. Let dry.
5. If desired, apply adhesive-backed jewels or embellishments for extra pizzazz.

Tip: Use small pieces of wood for support to raise the frame above the surface so that the edges may be thoroughly painted and frames will not stick to the flat surface.

Sparkling Polka-Dot Halloween Topiary

By Sharon Currier

Quick and easy decorations for Halloween are a great solution to your Halloween decoration dilemma. The sparkling polka-dot Halloween topiary sparkles with Glitter Blast™ and a few embellishments. This topiary could be adapted to sparkle any time of the year, for any holiday, or even for a wedding or baby shower. So get your craft foam at the ready and get to work!

MATERIALS:

- Craft foam: 12" cone (or other sizes of your choice); 2" ball; scrap of foam
- Krylon® Gitter Blast™ Glitter Paint: Starry Night, Orange Burst
- Circle stickers, 2" OR contact paper
- Crepe paper roll, black
- Ribbon, 3/8" wide
- Newspaper
- Low temp glue gun and glue sticks

- Toothpick
- Scissors
- Rubber gloves
- Sewing machine OR needle and thread

INSTRUCTIONS:

1. Before you start, carefully read label on the can of Glitter Blast™. Cover work area with newspapers. Spray cone with Orange Burst Glitter Blast™. Let dry. (Glitter Blast™ darkens as it dries, so be careful to not overspray. If you overspray, the finish can run.)
2. Insert toothpick into 2" ball. Spray with Orange Burst Glitter Blast™. Insert toothpick into scrap of foam and let dry.
3. Make your polka-dot masks. If using contact paper, cut out 2" circles. Remove backing from circle stickers or contact paper circles and arrange randomly on painted cone. Pay special attention to the edges, pressing them down firmly so the paint doesn't bleed under the masks.

- Carefully peel away your stickers or masks to reveal polka dots.

- Spray entire cone with Starry Night Glitter Blast™. Let dry. Carefully remove stickers.
- Set sewing machine on longest basting stitch. Stich down center of crepe paper; crepe paper will ruffle as you stitch. Glue ruffled strip around top and bottom of cone. Or, using a needle and thread, hand stitch down center of crepe paper strip, gently pulling to create a ruffle as you go.
- Glue ribbon around middle of crepe paper ruffle.
- Glue orange glittered ball to top of cone.

Fun Stuff

Radical Stripes Skateboard

By the Krylon® Design Team

Make a bold statement with a radical stripes skateboard. You can customize your own design to transform that old board by using masking tape to block off areas in certain colors.

MATERIALS:

- Skateboard
- 1 can Krylon® Indoor/Outdoor Primer
- 1 can Krylon® Glitter Blast™ Glitter Paint, Orange Burst
- 1 can Krylon® Glitter Blast™ Glitter Paint, Citrus Dream
- 1 can Krylon® Glitter Blast™ Clear Sealer
- Masking tape
- Drop cloth

INSTRUCTIONS:

1. Clean skateboard, making sure surface is free of any grease, dirt or dust. Remove wheels and mask any areas not to be painted.
2. Prime the entire skateboard. Apply several light coats of Krylon® Indoor/Outdoor Primer. Spray from side to side in a sweeping motion beginning off the surface and ending off of the other side. Let dry.
3. Spray entire board with Krylon® Glitter Blast™ Glitter Paint. Apply thin coats until desired finish is achieved, usually between 2 and 4 coats. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.
4. Spray board with several coats of Krylon® Glitter Blast™ Clear Sealer. Allow to dry.
5. Use masking tape to create a cool design, then apply a second color of Glitter Blast™ and allow to dry. Remove masking tape when dry.
6. Repeat step 4. (If additional colors of Glitter Blast™ are desired, repeat step 5.)
7. Remount wheels.

Technology Trio

By the Krylon® Design Team

Can you believe you can even use Krylon® Glitter Blast™ Glitter Paint on the covers for your electronics? Spray painting crafts are perfect for the non-crafter techie in your life because they are easy and promise success! Spice up your technology trio by adding glitter paint in cheery colors.

MATERIALS:

- Covers for Nintendo, iPhone, and a computer mouse
- 1 can Krylon® Glitter Blast™ Glitter Paint in color of your choice
- 1 can Krylon® Glitter Blast™ Clear Sealer
- Masking tape
- Drop cloth

INSTRUCTIONS:

1. Clean all surfaces to be painted, making sure they are free of grease, dirt and dust.
2. Tape off any areas not to be painted (i.e., moveable parts on the mouse).
3. Spray with Krylon® Glitter Blast™ Glitter Paint. Apply multiple thin coats until desired glitter finish is achieved. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.

Tip: Raising the item off of your work surface will make it easier to cover the edges and will prevent it from sticking to the surface.

Here's to a Fabulous Helmet

By the Krylon® Design Team

Cheers! Here's to a fabulous helmet that's also fashion-forward. Whether you paint the entire helmet with Krylon® Glitter Blast™ Glitter Paint or whether you tape off a pattern to add even more style, a personalized helmet is a fun and functional accessory for your outdoor sports.

MATERIALS:

- Bike helmet
- Krylon® Glitter Blast™ in your choice of color (we used Sparkling Waters)
- Krylon® Glitter Blast™ Clear Sealer (optional)
- Painter's tape

INSTRUCTIONS:

1. Clean helmet, making sure any areas to be painted are clean and free of grease, dirt and dust.
2. Mask off any areas of the helmet that you do not want to spray.
3. Spray with Krylon® Glitter Blast™. Apply multiple light coats until you have achieved the glittery look you want. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.
4. While applying the Krylon® Glitter Blast™ Clear Sealer is not required, a few coats of clear will make the surface smoother, allowing you to wipe it clean after using it. Let dry.
5. Remove tape.

Glimmering Guitar

By the Krylon® Design Team

Gaming guitar, glimmering guitar ... glitter up your guitar with your favorite color. The spotlights will make your guitar shine, even if it's just the guitar you use for gaming. While you may not want to glitter your Gibson Les Paul, you'll love to have a glittering guitar of your own.

MATERIALS:

- Guitar (we used a guitar for gaming, but this works on musical instruments equally well)
- Glitter Blast™ in your choice of color (we used Citrus Dream)
- Krylon® Glitter Blast™ Clear Sealer (optional)
- Painter's tape
- Newspaper

INSTRUCTIONS:

1. Wipe down the surface of the guitar body that you will be painting, making sure it is clean and dry.
2. If you can remove the neck of the guitar, do so. Otherwise, wrap the neck in newspaper and tape it in place. Tape off all surfaces on the body of the guitar that you do not want to coat with glitter.
3. Spray with Krylon® Glitter Blast™ Glitter Paint. Apply multiple light coats until you have achieved the glitter look you want. Wait approximately 1 to 2 minutes between coats, shaking can before each coat. Let dry.
4. While applying the Krylon® Glitter Blast™ Clear Sealer is not required, a few coats of Clear will make the surface smoother, ensuring that it doesn't catch on your clothes and making it easier to clean. Let dry.
5. Remove the tape and newspaper.

How to Paint with Spray Paint: 14 Sparkly Craft Projects using Krylon® Glitter Blast™ Glitter Paint

Until now, glitter sprays have delivered a few flecks of glitter to project surfaces - a nice effect, but not incredibly dazzling. New Krylon® Glitter Blast™ Glitter Paint changes all of that. You've never seen anything like it. More glitter, more sparkle, more intensity, more depth than ever before. So you can put the glitz and glam on virtually any project with any surface – wood, plastic, metal, ceramic, craft foam, and more.
