Letter from the Editors

Dear Readers,

Mandala coloring pages have taken the world by storm. Almost immediately after the adult coloring trend took off, mandalas became a popular motif for coloring. Mandalas are gorgeous images with no beginning or end. Their circular shapes represent the universe, and coloring in these images with their repetitive designs promotes relaxation and healing.

In *4 Marvelous Jeweled Mandala Coloring Pages*, experience gorgeous mandalas with opulent detail. The jeweled designs are royal in essence, promoting healing and also a sense of exorbitant value. If opal is your birthstone or simply a favorite gem, consider the Opal Palace Mandala Coloring Page (p. 6). Meanwhile, the Diamonds and Ice Mandala Coloring Page (p. 9) will thrill you with a shiver of crisp extravagance. Choose any of the four pages below that draws your attention, and experience the magnificence that is adult coloring.

You can find even more free coloring pages in our collection of [50+ Adult Coloring Pages](#) and more coloring books for adults in [6 Free Printable Coloring Books \(PDF Downloads\)](#).

Our eBooks, like all of our craft projects, are absolutely FREE. Please feel free to share with family and friends and ask them to sign up at our website for [free newsletters from FaveCrafts.com](#).

Happy Coloring!

Sincerely,

The Editors of FaveCrafts

Hello everyone who loves to play and experiment with color, and who also appreciates being centered, aware and awake. In this eBook I have created specially for FaveCrafts.com I have taken the geometric and spiritual illustration of the mandala and have incorporated jeweled like gems and stones into the mandala illustrations for you to color, share and enjoy.

Mandalas are geometric images which date back to the period of history from 900-700 BC. and can be found in almost every civilization on the planet. Mandalas also represent a spiritual aspect of grounding and centering an individual and helping to foster individual introspection and creativity.

In these coloring pages, I would hope you will consider different and unique color combinations and even fill in some of the white spaces with your own circles, patterns and lines, to make the mandalas even more your own.

It is all about the art and the look you are trying to achieve. Practice and work with the many different products that are available on the market to color, play and experiment with. Why be typical and do the expected? ... add the surprise! Sometimes coloring less and leaving some white space is more!

Relax and enjoy coloring these marvelous jeweled mandalas, feel grounded, aware and focused on what you wish to bring into your life and see what takes place next. If you think it, it can happen with a little work and trust in the universe that you deserve the best and most colorful life that there is to offer!

Create the Beautiful!

Always,

Carol / varyCarol
