The Nordic Star pattern is a great design found on many Scandinavian holiday items! I love the simple geometry of it, and it's unmistakable Christmas-y appeal! With just two colors, it's perfect for easy tapestry crochet projects!

I've also included an alternative yarn suggestion, but you can use any worsted yarn – or change the weight to get different sizes.

## NOTES:

All sts in Rnds 2 through 17 are worked in the BLO.

To avoid the FSC, ch 35, skip the ch closest to the hook, and sc in each rem ch across, then join to the first st of the rnd to work in the round.

Stitches are worked tapestry style – crochet over the unused color, and finish the prior stitch with the new color for color changes. See the linked tutorial above.

Every Rnd begins with color A.
