

# C2C Moss Stitch Stashbusting Crochet Baby Blanket Pattern

DanaNield.com

Learn how to crochet the C2C moss stitch and work up anything from a coaster to a dishcloth to a baby blanket! This is an easy project with a simple stitch repeat, perfect for mindless crocheting while watching TV, chatting with your spouse, or listening to an audiobook.

Here is a little coaster I made using the same yarns as you see in the baby blanket. I love the look of uneven striping, and the woven texture of this stitch is so lovely!

## Materials

- Worsted weight yarn from your stash. I used approximately 7 skeins for this blanket.
- Size I/9 crochet hook
- Stitch markers
- Tapestry needle for weaving in ends

## Finished Size

Approximately 33×33"

## Special Abbreviations

PM: place stitch marker.

## Notes

I found stitch markers essential for completing this pattern accurately! In the first 4-5 rows, do not be shy about using stitch markers. For the moss stitch you are working into ch 1 and ch 2 spaces, not into the sc stitches. As you get the hang of this pattern and what the fabric looks like, I'd suggest placing stitch markers in between ALL of the ch 1 and ch 2 spaces. Once you hit row 5 or so, I'd suggest using stitch markers in the last ch 1 space of each row, and always in the ch 2 spaces at the end of rows. This way you always know without fail that you've reached the end of the row, hence making this a wonderfully mindless crochet pattern.
